ASTRAZENECA PHARMACEUTICALS
LP,

Plaintiffs,

V.

PRINCETON PHARMACEUTICAL INC.,

Defendant.

Civil Action No. _____

COMPLAINT FOR PATENT INFRINGEMENT

Plaintiffs AstraZeneca LP, AstraZeneca AB, AstraZeneca UK Limited, and AstraZeneca Pharmaceuticals LP (collectively “AstraZeneca” or “Plaintiff”), by its attorneys, hereby alleges as follows:

NATURE OF THE ACTION

1. This is an action for patent infringement arising under the patent laws of the United States, Title 35, United States Code, against defendant Princeton Pharmaceutical Inc. (“Princeton” or “Defendant”). This action relates to Abbreviated New Drug Application (“ANDA”) No. 208599 (“ticagrelor ANDA”) filed by Defendant with the U.S. Food and Drug Administration (“FDA”) for approval to market generic versions of AstraZeneca’s BRILINTA® (ticagrelor) drug product, prior to expiration of AstraZeneca’s U.S. Patent Nos. 6,251,910 (“the ’910 patent”), 6,525,060 (“the ’060 patent”), 7,250,419 (“the ’419 patent”), 7,265,124 (“the

'124 patent”), and 8,425,934 (“the ’934 patent”) that are listed in the *Approved Drug Products with Therapeutic Equivalence Evaluations* (“Orange Book”) for BRILINTA® (collectively “the Orange Book Patents”).

PARTIES

2. AstraZeneca is engaged in the business of creating, developing, and bringing to market revolutionary biopharmaceutical products to help patients prevail against serious diseases, including treatments for cardiovascular diseases.

3. Plaintiff AstraZeneca LP, the holder of New Drug Application (“NDA”) No. 022433 for BRILINTA® (ticagrelor), is a limited partnership operating and existing under the laws of Delaware, with its principal place of business at 1800 Concord Pike, Wilmington, Delaware 19803. Defendant specifically directed its Notice Letter to AstraZeneca LP.

4. Plaintiff AstraZeneca AB is a company operating and existing under the laws of Sweden, with its principal place of business at SE-151 85 Södertälje, Sweden. AstraZeneca AB is the owner of the ’124 and ’934 patents. Defendant specifically directed its Notice Letter to AstraZeneca AB.

5. Plaintiff AstraZeneca UK Limited is a company operating and existing under the laws of the United Kingdom, with its principal place of business at 15 Stanhope Gate, London, United Kingdom W1Y 6LN. AstraZeneca UK Limited is the owner of the ’910, ’060, and ’419 patents. Defendant specifically directed its Notice Letter to AstraZeneca UK Limited.

6. Plaintiff AstraZeneca Pharmaceuticals LP is a limited partnership operating and existing under the laws of Delaware, with its principal place of business at 1800 Concord Pike, Wilmington, Delaware 19803. AstraZeneca Pharmaceuticals LP markets and sells BRILINTA® in this judicial district and throughout the United States.

7. On information and belief, Princeton is a corporation organized and existing under the laws of the State of Delaware, having a principal place of business at 2002 Eastpark Blvd., Cranbury, New Jersey 08512.

8. On information and belief, Princeton is qualified to do business in Delaware and appointed a registered agent for service of process, by filing with the Secretary of State on October 16, 2009 pursuant to sections 371 and 376 of title 8 of the Delaware Code: (1) a certificate of incorporation, under file number 4742737; and (2) a statement naming “American Incorporators Ltd.” located at 1013 Centre Road, Suite 403-A, Wilmington, Delaware 19805, as its registered agent to accept service of process in the State of Delaware.

9. On information and belief, Princeton is a pharmaceutical company that formulates, manufactures, packages, and markets generic drug products for distribution in the District of Delaware and throughout the United States.

10. On information and belief, Princeton developed the proposed generic product that is the subject of the ticagrelor ANDA to seek regulatory approval from FDA to market and sell the proposed ANDA product throughout the United States, including within Delaware.

11. On information and belief, and consistent with its practice with respect to other generic products, following FDA approval of the ticagrelor ANDA, Princeton will distribute and sell the generic product described in the ticagrelor ANDA throughout the United States and within Delaware.

JURISDICTION AND VENUE

12. Each of the preceding paragraphs 1 to 11 is re-alleged and re-incorporated as if fully set forth herein.

13. This action arises under the patent laws of the United States, 35 U.S.C. §§ 100, *et seq.*, and this Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331, 1338(a), 2201, and 2202.

14. Venue is proper in this Court under 28 U.S.C. §§ 1391 and 1400(b).

15. Princeton is subject to personal jurisdiction in this district.

16. On information and belief, Princeton is incorporated in Delaware and has designated an agent for service in Delaware. On information and belief, directly or indirectly, Princeton manufactures, markets, imports, and sells generic drugs for distribution in the District of Delaware and throughout the United States.

17. This Court has personal jurisdiction over Princeton because, *inter alia*, Princeton consented to jurisdiction in Delaware by affirmatively registering to do business in Delaware and by appointing a Delaware agent to accept service of process pursuant to sections 371 and 376 of title 8 of the Delaware Code.

18. Princeton is also subject to personal jurisdiction in this district because, *inter alia*, Princeton has committed, aided, abetted, actively induced, contributed to, or participated in the commission of an act of patent infringement that has led and/or will lead to foreseeable harm and injury to Plaintiff, including Plaintiffs AstraZeneca Pharmaceuticals LP and AstraZeneca LP, which are both Delaware limited partnerships. For example, Princeton directed the Notice Letter to AstraZeneca LP, which is incorporated and has its principal place of business in Delaware, which has led and/or will lead to foreseeable harm and injury to Plaintiff in Delaware.

19. Further, on information and belief, Princeton will manufacture, market, and/or sell within the United States the generic product described in the ticagrelor ANDA if FDA approval is granted. If the ticagrelor ANDA is approved, on information and belief the generic product

would, among other things, be marketed and distributed in Delaware, prescribed by physicians practicing in Delaware, and dispensed by pharmacies located within Delaware, and/or used by patients in Delaware, all of which would have a substantial effect on Delaware.

20. Moreover, Princeton has previously been sued in this judicial district without objecting on the basis of lack of personal jurisdiction and has availed itself of Delaware courts through the assertion of counterclaims. *See, e.g., Bayer Intellectual Property GmbH et al. v. Aurobindo Pharma Limited et al.*, C.A. No. 15-cv-00902; and *Teijin Limited et al. v. Princeton Pharmaceutical, Inc.*, C.A. No. 14-cv-00854.

21. This Court also has personal jurisdiction over Princeton because, *inter alia*, Princeton has purposefully availed itself of the rights and benefits of Delaware law by engaging in systematic and continuous contacts with the state of Delaware. On information and belief, Princeton regularly and continuously transacts business within the state of Delaware, including by selling pharmaceutical products in Delaware, directly and/or through affiliates, and/or by continuously and systematically placing goods into the stream of commerce for distribution throughout the United States, including Delaware. On information and belief, Princeton derives substantial revenue from the sale of those products in Delaware and has availed itself of the privilege of conducting business within the State of Delaware.

22. For these reasons and for other reasons that will be presented to the Court if jurisdiction is challenged, the Court has personal jurisdiction over Princeton.
